Immersion To Report Q3 2023 Financial Results

AVENTURA, Fla.--(BUSINESS WIRE)--Nov. 2, 2023-- Immersion Corporation (NASDAQ: IMMR), a leading developer and provider of patents for haptics, today announced that it has signed a multi-year license with Razer (Asia-Pacific) Pte. Ltd. to make Immersion's patents available to Razer's gaming computer peripherals, laptop computers, and AR/VR products.

"We are very pleased to continue our long-standing partnership with Razer," said Eric Singer, Immersion's President and CEO.

Immersion's high-quality touch feedback technology enhances gaming peripherals and applications. Increasingly, haptics is being designed into gaming applications as more and more gaming vendors incorporate high-quality tactile effects for more immersive operations.

Forward-looking Statements

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The forward-looking statements involve risks and uncertainties. Forward-looking statements are identified by words such as "anticipates," "believes," "expects," "intends," "may," "can," "will," "places," "estimates," and other similar expressions. However, these words are not the only way we identify forward-looking statements. Examples of forward-looking statements include any expectations, projections, or other characterizations of future events, or circumstances, and include statements regarding us increasingly seeing more new car models adopting haptics across various interfaces throughout the cabin.

Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Actual results could differ materially from those projected in the forward-looking statements, therefore we caution you not to place undue reliance on these forward-looking statements. Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, the following: the inability to predict the outcome of any litigation, the costs associated with any litigation and the risks related to our business, both direct and indirect, of initiating litigation, the effects of the COVID-19 global pandemic on us and our business, and on the business of our suppliers and customers; unanticipated changes in the markets in we operate; the effects of the current macroeconomic climate (especially in light of the ongoing adverse effects of the COVID-19 global pandemic); delay in or failure to achieve adoption of or commercial demand for our products or third party products incorporating our technologies; the inability of us to renew existing licensing arrangements, or enter into new licensing arrangements on favorable terms; the loss of a major customer; the ability us to protect and enforce our intellectual property rights and other factors. For a more detailed discussion of these factors, and other factors that could cause actual results to vary materially, interested parties should review the risk factors listed in our Annual Report on Form 10-K for 2022. Any forward-looking statements made by us in this press release speak only as of the date of this press release, and we do not intend to update these forward-looking statements after the date of this press release, except as required by law.
